19TH ANNUAL WORKSHOP

Australia New Zealand Workshop in Experimental Economics

ANZWEE 2026 · Programme

DATES
Monday 16 & Tuesday 5 November 2026

VENUE
Otago Business School, University of Otago, Dunedin

FORMAT
Two parallel rooms · two keynotes · 20 minutes a paper

DRAFT PROGRAMME · 5 NOVEMBER 2026 · SUBJECT TO CHANGE

University of Otago · ŌTĀKOU WHAKAIHU WAKA | Te Kura Pakihi Otago Business School

☐ Room A ☐ Room B Each paper: 17 minutes plus 3 for questions

Monday 16 November Day 1

08:30 / 09:15 — Registration & coffee from 08:30 · Welcome at 09:00

09:15 / 10:15 / SESSIONS I

ROOM A — Charitable Giving

1. **Maroš Servátka** Macquarie
   Coordination in altruistic markets with imperfect substitutes
2. **Stephen Knowles** Otago
   Do very short deadlines increase donations to charity?
3. **Shusaku Sasaki** Osaka
   Overhead aversion, overhead-free appeals, and complementary information

ROOM B — Belief Updating

1. **Shenao Dong** Monash
   Overinference and underinference from aggregating multiple signals
2. **Wanying (Kate) Huang** Monash
   Belief uncertainty
3. **Yuet Lyu** Monash
   The role of uncertainty about future losses in wishful thinking

10:15 / 10:45 — Morning tea

10:45 / 11:45 / SESSIONS II

ROOM A — Social Norms & Motives

1. **Robert Hoffmann** Tasmania
   Why people give: developing a scale of charitable giving motives
2. **Uzma Afzal** RMIT
   The arranged marriage norm and the norms governing its enforcement

ROOM B — Complexity & Choice Quality

1. **Changfa Fu** Melbourne
   How labels obfuscate information and distort choices
2. **Michelle Lee** Melbourne
   Complexity undermines resource allocation
3. **Ziyan Xu** Zhejiang / Melbourne
   How discounts impact choice quality: complexity and salience

12:00 / 13:00 — Lunch — presenters

13:30 / 14:30 — **PLENARY**

Keynote I — Arthur Robson (Simon Fraser University)

"Evolution of Time Preference in Hunter Gatherer Societies"

14:45 / 15:15 — Afternoon tea

15:15 / 16:15 / SESSIONS III

ROOM A — Gender & Careers

1. **Yee Wah Lisa Chan** Sydney
   Gender differences in delegating wage negotiation
2. **Emily Tran** Melbourne
   Gender gaps in persistence: real or perceived?
3. **Maria Recalde** Melbourne
   Misattribution: how work assignments affect evaluation and advancement

ROOM B — Bounded Rationality & Imprecision

1. **Daniel Woods** Macquarie
   Breaking down bandits: an experimental decomposition
2. **David Butler** Griffith
   Imprecise preferences and beliefs in simple games

16:30 / 17:30 / SESSIONS IV

ROOM A — Teams, Public Goods & Cooperation

1. **Yichen Guo** RMIT
   Competitive bonuses and public good production
2. **Bhagya Gunawardena** RMIT
   Learning from peers: ability-based grouping and incentives

ROOM B — Risk & Gambling

1. **Stephen Cheung** Sydney
   Reframing losses disguised as wins in electronic gambling machines
2. **Ralph-C Bayer** Adelaide
   Do people gamble more if they can cash out?
3. **Keaton Ellis** Monash
   Should I state or should I show? Aligning AI with human preferences

18:30 — Workshop dinner — Ombrellos, 10 Clarendon St (presenters)

Tuesday 17 November Day 2

09:15 – 10:15 SESSIONS V

ROOM A — Matching & Market Design

1. **Gloria Yifan Chen** Melbourne
   When words move rankings: strategic messaging in matching markets
2. **Siqi Pan** Melbourne
   Matching by characteristics
3. **Jiachen He** Monash
   When verification crowds out disclosure

10:15 – 10:45 Morning tea

10:45 – 11:45 SESSIONS VI

ROOM A — Voting & Polarisation

1. **Marco Faravelli** Queensland
   The devil you know: how status quo bias can influence elections
2. **Pablo Guillen** Sydney
   Communication bubbles in a polarized social dilemma

ROOM B — Behavioural Interventions in the Field

1. **Zhongwen Chen** Monash
   Managing screen time: feedback and (soft-)commitment
2. **Huan Wang** RMIT
   Self protection for children's sake
3. **Luthfi Balbeid** Monash
   Beyond moving pictures: interactivity in learning economics

12:00 – 13:00 Lunch — presenters

13:15 – 14:15 SESSIONS VII

ROOM A — Markets, Experts & Consumers

1. **Lana Friesen** Queensland
   An experimental comparison of cap- and intensity-based pollution markets
2. **Adithya Krishna** Macquarie
   Information asymmetry and multiple experts: a credence goods experiment
3. **Barry Wong** EIT
   NZ consumer acceptance and preferences for no- and low-alcohol wines

ROOM B — Attention, Measurement & Methods

1. **Jason Tayawa** UNSW
   Paying too much attention: theory and evidence
2. **Michele Garagnani** Melbourne
   Using response times to reveal group preferences in surveys
3. **Thomas Pfeiffer** Massey
   Accuracy of replication forecasts for DARPA's SCORE project

14:15 – 15:00 Afternoon tea

15:00 – 16:00 **PLENARY**

Keynote II — Vera te Velde (University of Queensland)

"Fact-checking in the Presence of Partisan Social Norms"

16:00 – 16:15 Closing

Presenters

Alphabetical by surname. 35 papers in 13 sessions. Hosted by the Department of Economics, Otago Business School, University of Otago — Ōtākou Whakaihu Waka.

PRESENTER	PAPER	WHEN	SESSION (draft, subject to change)
Uzma Afzal RMIT	The arranged marriage norm and the norms governing its enforcement	Mon 10:45 ROOM A	Social Norms & Motives
Luthfi Balbeid Monash	Beyond moving pictures: interactivity in learning economics	Tue 10:45 ROOM B	Behavioural Interventions in the Field
Ralph-C Bayer Adelaide	Do people gamble more if they can cash out?	Mon 16:30 ROOM B	Risk & Gambling
David Butler Griffith	Imprecise preferences and beliefs in simple games	Mon 15:15 ROOM B	Bounded Rationality & Imprecision
Yee Wah Lisa Chan Sydney	Gender differences in delegating wage negotiation	Mon 15:15 ROOM A	Gender & Careers
Gloria Yifan Chen Melbourne	When words move rankings: strategic messaging in matching markets	Tue 09:15 ROOM A	Matching & Market Design
Zhongwen Chen Monash	Managing screen time: feedback and (soft-)commitment	Tue 10:45 ROOM B	Behavioural Interventions in the Field
Stephen Cheung Sydney	Reframing losses disguised as wins in electronic gambling machines	Mon 16:30 ROOM B	Risk & Gambling
Shenao Dong Monash	Overinference and underinference from aggregating multiple signals	Mon 09:15 ROOM B	Belief Updating
Keaton Ellis Monash	Should I state or should I show? Aligning AI with human preferences	Mon 16:30 ROOM B	Risk & Gambling
Marco Faravelli Queensland	The devil you know: how status quo bias can influence elections	Tue 10:45 ROOM A	Voting & Polarisation
Lana Friesen Queensland	An experimental comparison of cap- and intensity-based pollution markets	Tue 13:15 ROOM A	Markets, Experts & Consumers
Changfa Fu Melbourne	How labels obfuscate information and distort choices	Mon 10:45 ROOM B	Complexity & Choice Quality
Michele Garagnani Melbourne	Using response times to reveal group preferences in surveys	Tue 13:15 ROOM B	Attention, Measurement & Methods
Pablo Guillen Sydney	Communication bubbles in a polarized social dilemma	Tue 10:45 ROOM A	Voting & Polarisation
Bhagya Gunawardena RMIT	Learning from peers: ability-based grouping and incentives	Mon 16:30 ROOM A	Teams, Public Goods & Cooperation
Yichen Guo RMIT	Competitive bonuses and public good production	Mon 16:30 ROOM A	Teams, Public Goods & Cooperation
Jiachen He Monash	When verification crowds out disclosure	Tue 09:15 ROOM A	Matching & Market Design
Robert Hoffmann Tasmania	Why people give: developing a scale of charitable giving motives	Mon 10:45 ROOM A	Social Norms & Motives
Wanying (Kate) Huang Monash	Belief uncertainty	Mon 09:15 ROOM B	Belief Updating
Stephen Knowles Otago	Do very short deadlines increase donations to charity?	Mon 09:15 ROOM A	Charitable Giving
